TO: All Property Owner and Plumbing Contractors

FROM: Code Enforcement Officer
Spring Garden Township

RE: Installation of fixtures in basements or section of buildings below grade construction.

Be advised that Spring Garden Township accept no liability from any damage that may result from this area being flooded by the stoppage or back flow of sewers. In areas where stoppage or back flow of sewers is prevalent, the building shall be provided with a back water valve or check valve by owner. Any maintenance or repair of sewage pumps or sewage ejectors shall be the property owner's responsibility.
